

## OUR COURSES

TARGETED | TRUSTED | TAILORED

**Our courses offer 25 hours of intensive English over five days.**

Delivered by qualified native English teachers flown direct from the UK. Tried and tested activities alongside materials designed exclusively for these courses.

### General English

For learners who want a broad focus to take their conversational English to the next level.

### English for Exams

Preparation for English exams at any level.

### Leisure & Tourism

For learners wanting specific lessons tailored towards the tourism industry.

### Business Courses

Our range of courses with a business focus.

### Teacher Development

For teachers wanting to bring something new to the classroom. We can run these courses alongside our other courses.

## WE COME TO YOU

SIMPLE | EFFECTIVE

We fly our teachers to you and accommodate them locally. They work with your students every day for a whole week, helping them to use English for genuine communication.

Watch your students grow in confidence in just one week as they learn to use the language.

*"The students said EiA was more useful than a language week abroad."*

## IN YOUR OWN SCHOOL

AUTHENTIC | PRACTICAL

Give your students the chance to work with native speakers in a relaxed and familiar environment. Avoid the stress of organising a study tour abroad. Simply provide the classroom space for our teachers and we will do the rest.

English in Action project weeks are available during term time or school holidays.

## ACTIVE LEARNING

EXCITING | MEANINGFUL

Our curriculum and syllabus have been rated as 'excellent' by EAQUALS. Our courses are designed to add an extra dimension to the work students do with you and can be tailored to your needs.

Lessons are designed so that learners have to think and communicate in English.

## VISIBLE RESULTS

EXPERIENCED | PROFESSIONAL

With over twenty years of experience, we provide great value for money and a quality service.

We are independently inspected by EAQUALS (Evaluation and Accreditation of Quality in Language Services). Our management, administration, communications, information, curriculum and syllabus have all been identified as areas of excellence by the inspectors.

## QUALIFIED TEACHERS

RSA CAMBRIDGE | TRINITY COLLEGE

Our qualification standards are identical to those of the British Council. All of our teachers hold a recognised certificate in Teaching English as a Foreign Language or are recognised by the UK Department of Education as having Qualified Teacher Status (QTS).

Teachers selected to work for English in Action are chosen for their ability to engage with students.
